San Benito County Fair Enjoying Large Crowds

Tres Pinos, CA – With two days in the books the 2019 San Benito County Fair is seeing significantly larger crowds compared to the last few years. “For Thursday our attendance was up over 60% compared to opening day in 2018” explained Dara Tobias, CEO and Fair Manager. She added “and Friday was even better with almost 90% more adults and an amazing 330% increase in children compared to the same day last year.”

Great weather, affordable pricing, and a strong focus on exhibits and entertainment for kids makes the San Benito County Fair a great family destination. New and of interest to families this year includes: Fables of the West, Puzzlemania and Barnyard Adventures.

The 2019 San Benito County Fair runs through Sunday, October 6, at Bolado Park. Information on the Fair, and the Park - a year round event venue, can be found at www.sanbenitocountyfair.com
